### For Grandmother's Sake Be Careful

This is what a man wrote on the tag in shipping his grandmother's chair to his own home, and although it was not crated or packed, it went through without a scratch.

We all love the simple designs of the old masters now reproduced in furniture craft. They cost no more than clumsy styles, and they mean so much more to you in your home.

### "WHEREWITHALL"

Everybody needs it, of course.

Everybody is going to need it more in the future, too, when the earning capacity is less than during youth or middle-age.

The best way to be sure to have some THEN is to save a little NOW—a little at a time, but that little often.
